

Golfers,

1. **Golf Carts:** Beginning May 1, carts will be available on a first come, first served basis. Each cart must only have 1 rider unless you are from the same household.
2. **Tee Times:** Tee times will be spaced every 10-minutes. All tee times can be reserved online or over the phone. To limit interaction, all tee times will continue to be prepay at the time of booking.
3. **Golf Shop:** We are anticipating opening the Golf Shop/Clubhouse on May 12, the date the Governor has set for retail establishments to open. Our protocol will follow the Governor's direction:
  - All NorthStar employees will wear a facial covering and will handle all transactions with gloves. We are asking for the use of credit cards when purchasing items from the Golf Shop or paying for food and beverage orders.
  - Anyone entering the Clubhouse will be met at the door by an employee who will "wand" your forehead with a thermometer to check your temperature. Anyone with a fever will be denied entry.
  - You must wear a facial covering while you are in the Clubhouse.
  - Only six people, excluding staff, will be allowed in the Golf Shop/Clubhouse foyer at any one time. Social distancing of six feet must be observed at all times.
  - Food and beverage orders will be taken at the Main Bar or you can call in a carry-out order in advance and an employee will meet you at the front door with your order.
4. **Putting Green Protocol:**
  - Maximum of 4 players on the putting green at one time.
  - Players must use your own balls to practice.
5. **Chipping Green Protocol:**
  - Maximum of 7 players on the chipping green at one time.
  - Players must use your own balls to practice.
6. **Driving Range Protocol:**
  - 10 stations will be spaced 10 feet apart.
  - All bag stands, club cleaners, water coolers and benches have been removed.
  - Range bags will be available in the Golf Shop as well as from our range attendant during busy times.
  - Players must hit within the designated stations, with a maximum of 10 players at a time.
  - All practice facilities will be monitored to ensure these policies are being followed. We are extremely excited to open these up and ask that you continue to help us by following the proper procedures.
  - Please be observant of other players wanting to practice and use your time wisely.

7. **Flagsticks:** We are asking all golfers to leave the flagsticks in at all times in order to minimize the possibility of transmitting any disease.
8. **Bunker Rakes/Ball Washers/Water Coolers:** All have been removed from the golf course and will return when it is safe to do so for the same reason as described above about flagsticks.
9. **Cups:** Putting cups have been raised to ensure the golf ball is easily retrievable and doesn't fall to the bottom of the cup.
10. **Course Etiquette:** All players please continue to observe proper course etiquette and practices while you play i.e., replace divots and fix ball marks on the greens.

Thank you for your patience and support during this pandemic and to reiterate that we are intent on providing you a safe environment to play the game we all love.
